

Ålesund 29.06.2022

Employee recommendation letter

Dagmara Pasiak has been employed at OSC AS as a part time tester from 18.01.2022 to 30.06.2022. Her responsibilities at OSC has been product testing of our simulation product. OSC delivers simulations for both offshore and smart cities, and Dagmara has contributed with testing both during the release process and new features.

Dagmara has fulfilled her job in a satisfactory manner. The testing position requires interaction with multiple stakeholders, as well as having a good understanding with the product. Dagmara has shown both good technical understanding and strong communication skills when working with different stakeholders.

Sincerely,

Egil Tennfjord Mikalsen
CTO
OSC AS
